Community Work

Rotary Club of Erin

The Rotary Club of Erin wishes to delegate Council to present information about the club and its work in the community. The presentation will provide an overview of the club's goals and objectives and how the club has contributed to the community over the years. In addition, the Club is interested in opening dialogue with members of Council about potential legacy projects that would be a partnership between the Town and the Club. The desire is to explore opportunities for the provision of community assets that would support both Town's and the Club's objectives.
